RESOLUTION 95-1-F
Replacing the Track
September 19, 1995

PURPOSE: For the University to install one lane in the running track and replace the remaining track.

WHEREAS: The current track was constructed in 1968 and since then has had no major repairs, and

WHEREAS: Not only sport teams, but students, faculty and community members use the track regularly, and it is highly observable to students and visitors of Western Kentucky University, and

WHEREAS: By adding one lane, making 8, qualifies the track for regulated meet requirements which would enable Western to hold many state-wide meets, and

WHEREAS: The new track would bring in new revenues, and future Western students.

THEREFORE: Be it resolved that we, the members of the Student Government Association of Western Kentucky University, do hereby recommend for the better representation of students on campus, that the university renovate the track, and upgrade its standards.
